4. MESSAGE FROM THE MAYOR

The Barcoo Shire has proposed a budget in the order of \$26 million consisting of \$18 million of operational works and \$7.8 million of capital works. This year, although sizable, is the last year of a ten year building program. Council will however continue to build on its road and street assets and look to preserve the existing assets where possible. It is becoming apparent through both the State and Federal Governments that funding allocations are going to be allocated on a needs basis and Council will be required to justify the funding.

Rate increases have been set at 3% which is just above CPI. Ratepayers will see increases in the town areas consistent with the 3% increase, i.e. General, Water, Garbage and Pest Animal levy. This will be a very different picture in the Rural Rate levy with a significant array of increases and decreases. This is purely due to the new valuations issued by the State earlier this year.

Most of the fees and charges will remain at similar level with some increases in some services due to general cost increases.

Recent Budget announcements in both State and Federal Governments have significantly curtailed the activities of Council and it will be an arduous task to sustain the works program and service levels that Barcoo Shire Ratepayers have been accustomed. It is our commitment to sustain this Shire to these levels but with funding being reallocated the future is not bright.

Budget Highlights

Capital Works

Capital Grants to be received	\$1,418,000
Loans for Store and Fuel Facilities	\$1 million
Reserves Utilised	\$1,560,000
Depreciation Funds	\$3,610,722

Operational Works

	Expenditure	Revenue
Corporate/Executive Services	\$2.16 million	\$4 million
Community Services	\$4.6 million	\$1.2 million
Works and Services	\$12.4 million	\$12.7 million
Land Management	\$475 K	\$167 k

This year will also see an operational budget allocation of \$2.3 million set aside for Council contribution to the optic fibre project.

It is Council's endeavour to continue the strong growth of the Shire and its assets and give the rate payers a tangible return for their rate investment.

Julie Groves

Mayor
